HAITI TRIP

(Cont'd...)

While in Jacmel we had the privilege to attend two separate Worship Services and share the Lord's Supper with our Haitian brothers and sisters in Christ. We also had the opportunity to do repair and maintenance work at Children's Hope. We were blessed to "hang out" with the children and bless them with improvements to their facilities. Our days in Jacmel were full of opportunities to serve our Lord.

During the second half of our trip we headed "over the mountain" to meet up with our LLBC Team (Brother Dusty and Patsy, Wayne and Pat White, Glyn and Sharon Snider, and Heath and Lincoln Conn) at the New Mission Compound on Leogane Plain. Our team stayed in individual cottages just a few yards from the Caribbean Sea. Charlie DeTillis served as our guide and host. Charlie informed us of the history and current status of the New Missions Ministry and toured us around the area.

Our team had the opportunity to hand out donated Shoe Box Gifts to 300 students at one of the New Missions Schools. The beautiful children in their bright yellow and khaki uniforms were so excited to receive the gifts. They were especially encouraged to see pictures and letters of the believers who had packed their shoe box gifts.

Another highlight of the trip was meeting the children that team members and LLBC are sponsoring. The sponsored children and their families traveled many miles to the designated meeting place. Our team was able to shower the children with Christ's Love through special gifts, a much appreciated meal and fellowship. Through an interpreter I was able to ask each adult family member if they knew Jesus Christ as their Lord and Savior. Several families responded with praises for Jesus Christ and their heavenly father. However, one of the moms, Renice, answered "No." I was able to share the Good News of Jesus Christ with Renice using the EvangeCube. The team prayed, and Renice accepted Jesus Christ as her Savior. Brother Dusty led us in prayer for Renice and her family. To God the Glory!

You can be involved in what God is doing in Haiti. There are still some children from New Missions who need sponsors. Please contact Jennifer at Jennifer@lindsaylane.org for names of these children. Scott and I are praying about leading a LLBC Mission Trip to Children's Hope later this year. Pray for Haiti.

Haiti is a country of resilient people and abundant natural beauty. However, life in Haiti is very difficult, but God is working through His people. Pray for how you can be involved.

Scott and I visited two different ministries while on mission from March 1-8. Children's Hope (Childrens-Hope.com) in Jacmel and New Mission (Newmissions.org) on the Leogane Plain. You can read about each of these organizations on their respective web sites.

Throughout our travels in Haiti we were continually exposed to the challenging living conditions of the Haitian people. Things we take for granted (clean running water, electricity, and sanitary conditions) are simply not readily available.

Children carry water to primitive make-shift homes where meals are cooked on small fires and food is limited.

I had served at Children's Hope in 2012 and was excited to show Scott what God is doing through Alabama Baptists in this area. We stayed at the Alabama House, a State Board of Mission established Guest House on the Children's Hope Orphanage Compound. We worked alongside a missions team from Eastern Shore Baptist Church, Daphne, AL.

Our mission was to teach English as a Second Language (ESL) in the mornings to the children in the orphanage. The children are so eager to practice English phrases and they especially enjoyed the attention of our team as we poured Jesus' love out to them. During the afternoon we taught ESL at two different Haitian churches. The church members had advertised the classes in the community for a few weeks. We shared the Good News of Jesus Christ with about forty to fifty young adult students who had come to improve their English. ESL is a very effective avenue for evangelism. Scott shared his testimony during one of the classes and a young adult man accepted Jesus Christ as his Savior. The local Haitian pastor was present to follow up and provide continued discipleship. To God the glory!
